Job title / Grade: Data Manager Liver & Pancreas Transplant (Grade V)

Reports to: The Data Manager will report to the Transplant Quality Manager.

Key Working Relationships: Consultant Transplant Surgeons, Clinical Nurse Specialists, NLTP Quality Manager, Data Management Team, ITC Department, iTransplant Vendor Support, ODTI, HPRA, NHSBT & extended Transplant members.

Overview:

The Rare Disease ERN Data Manager is a critical role that will provide structure and leadership ensuring the accurate recording of clinical information and data across the rare disease ERN service. The Data Manager will be responsible for the collection, validation, analysis and sharing of data to advance research.

Reporting to the Transplant Quality Manager, the Transplant Data Manager will be responsible for developing, maintaining, and applying consistent data collection between multiple databases and recording standards pertaining to Data within the Transplant Service. They will work closely with the NLTP Quality Manager to ensure compliance in the requirements of National Legislation and EU Directive.

Key Duties and Responsibilities

The Transplant Data Manager will be responsible for the integrity of the data recorded and audited on internally and externally by ODTI and HPRA.

The objectives are to ensure the following:

- Accurate and timely input of pertinent data of donors / transplant patients into computerised information systems
- Report data for KPI's and Quality Improvement Audits to monitor outcomes, analysis and dissemination.
- Continual monitoring of Data Protection and Traceability within highly confidential working environment
- Assist in the MDT and M&M process

iTransplant System Integration:

- Act as lead coordinator for the implementation and integration of the iTransplant platform into clinical workflows when it comes on site.
- Liaise with internal stakeholders, ODTI and external vendors to ensure system configuration meets clinical and regulatory requirements.
- Lead on training, support, and troubleshooting of iTransplant use among staff.
- Ensure data migration integrity from existing systems into iTransplant.
- Collaborate with the ITC & ODTI team to ensure system stability, interoperability, and data security.
- Develop SOPs, user guides, and system usage protocols in collaboration with the Quality Manager.

2. Database and Data Governance:

- Maintain and develop transplant-specific databases, including recipient and multi-organ donor datasets.
- Oversee data integrity, validation, and compliance with local and EU data legislation.
- Develop and maintain data entry, cleaning, validation, and extraction procedures.
- Automate reporting workflows where possible, ensuring timely updates for KPI reporting and quality audits.
- Liaise with external bodies such as NHSBT and ODTI for benchmarking and compliance reporting.

3. Transplant Quality and Compliance:

- Ensure that data management processes align with national and EU regulatory frameworks.
- Support quality improvement initiatives, clinical audits, and inspection readiness.
- Serve as data lead in preparation for HPRA inspections, facilitating documentation, audits, and Q&A on data systems.

4. Clinical and Operational Support:

- Support MDT and M&M meetings by providing accurate and real-time data.
- Provide reports and insights to inform clinical decision-making and operational planning.
- Collaborate with clinicians to develop and refine minimum datasets for transplant patients and organ donors.

5. Training and Continuous Improvement:

- Deliver ongoing training for staff on iTransplant and associated data procedures.
- Stay abreast of updates to iTransplant software and facilitate their integration.
- Identify areas for process improvement within transplant data workflows and implement solutions.

Data Management Duties and Responsibilities:

Database Management:

- Progress on-going development of database for Recipient and Multi Organ Donor Databases
- Translating clinical requirements and understanding of patient flow to develop electronic databases.
- Maintain and update quality standards for the data management process.
- Maintain and update validation procedures for Data and Equipment.
- Develop automated process to upload of information to NHSBT for benchmarking.
- Develop reports for data extraction from multiple sources.

General Data Manager duties:

- Implement processes to support efficient collection of data at relevant points throughout the data pathway.
- Support the MDT process.
- Ensure and facilitate timely collection and inputting of data.

- Validation of data.
- To ensure collection, storage, and retrieval of relevant agreed clinical data for patients undergoing treatment under the care of the specialist unit in St. Vincent's University Hospital.
- To ensure collection, storage, and retrieval of relevant agreed clinical data for donors as per the HPRA legal framework.
- Responsible for data quality and integrity to ensure completeness of data entry for the agreed minimum data set.
- To ensure data checks and controls are in place and regular monitoring takes place with any issues escalated as appropriate.
- To ensure data definitions are developed and agreed with relevant personnel as required.
- To develop and document essential policies and have them agreed with the team.
- To support the Head Clinician and other relevant staff in the procurement of accurate data.
- To manage data requests from other external sources (e.g. research purposes).
- To provide accurate and timely reports at unit level on an on-going basis.
- To create new reports when required.
- To work effectively with other key staff.
- To assist in the development of internal & external annual unit service plan and annual report.
- To assist with preparation of unit reports and action plans.
- To be an expert in the new system implemented to the Service.
- To assist in any further phases of development and implementation of enhancements to the system.
- To provide ongoing training for staff in the use of the system.
- To liaise with the Vendor of the system/ODTI where required and appropriate.
- Any other duties associated to this post as required.

Specific Transplant duties:

- Review Patient and Organ pathway to set up data collation processes for data input and analysis to accommodate a Multi Organ Transplant Centre.
- Follow Legal Framework (formed on the basis of National and European Legislation) and implement its recommendations during an initial start-up and or review of existing Transplant area.
- Key Stakeholder in Quality Steering Group and responsible for creation and implementation of processes and procedures relevant to data and compliant to National Legislation and EU Directive
- Formulate and document PPG / PPGC / FCT to be part of the Quality Management System distributed on QPulse.
- Primary advisor for specifications and development of Electronic Databases including Recipient Database, Multiorgan Donor Database and Donor Retrieval data collation for relevant data pathways.
- Upload information to NSHBT for Benchmarking and Peer to Peer review and be point of contact with NHSBT and ODTI for any queries.
- Demonstrate and promote data protection and confidentiality to adhering to specifics needs around transplant and organ donation.
- Obtain survival outcomes from external bodies liaising with Associated organisations / Coroners / State registered organisations.
- Work with auditors to facilitate external and internal audits and be a key participant in the audit.

- Continually review processes in place to ensure the Service is ready for inspections from external bodies for licencing with the HPRA or other accreditation bodies. Take lead in the presentation and Q&A for data related sections of the inspection.
- Facilitate and participate in Clinical Audit and audit schedule.
- Assist Mortality and Morbidity Coordinator in providing up to date data.

The above Job Description is not intended to be a comprehensive list of all duties involved and consequently, the post holder may be required to perform other duties as appropriate to the post which may be assigned to him/her from time to time and to contribute to the development of the post while in office. This document must be regarded as an outline of the major areas of accountability at the present time, which will be reviewed and assessed on an on-going basis.

The Hospital Structure is currently under review and therefore, reporting relationships may change.

Informal Enquiries or Role Specific Enquiries:

Ms Claire Best, Business & Operations Manager. C.Best@svuh.ie

Additional Information

Confidentiality:

During the course of employment staff may have access to or hear information concerning the medical or personal affairs of patients, students, staff and / or other health service business. Such records and information are strictly confidential and unless acting on the instruction of an authorised officer, such information must not be divulged or discussed except in the performance of normal duty. In addition, records must never be left in such a manner that unauthorised persons can obtain access to them and must be kept in safe custody when no longer required.

Hygiene:

During the course of employment staff members are required to ensure that the hospital's hygiene and infection control policies are adhered to at all times. All employees have responsibility to prevent transmission of infection by adhering to and implementing optimal hand hygiene and adhering to the Hospital's Hygiene processes. Hygiene is a fundamental component of St Vincent's University Hospital's quality system to ensure the safety and well-being of its patients and staff and plays a role in the prevention and control of healthcare associated infection.

Policies / Legislation:

All Hospital policies and procedures form an integral part an employment contract and may be subject to update and revision, from time to time, in consultation with union representatives as appropriate. Employees are required to comply with all hospital policies, procedures (e.g. Dignity at Work, Trust in Care, Computer Usage Policy) and the Hospital's ethical codes of practice. Employees are required to abide by the hospital's code of behaviour and the code of practice as defined by their relevant professional body.

Protected Disclosure Policy:

See link below for more information on our Protected Disclosure Policy as per the Protected Disclosure (Amendment) Act 2022;

[Protected Disclosures - St. Vincent's University Hospital \(stvincents.ie\)](http://stvincents.ie)

Please note the following:

- The Hospital Board is not responsible for loss or theft of personal belongings
- Fire orders must be observed and staff must attend the fire lectures periodically
- All accidents within the department must be reported immediately.
- In line with the Safety, Health and Welfare at Work Act (2005), smoking within the Hospital Building is not permitted.
- All staff are advised to avail of Hepatitis B Vaccination with Occupational health
- The use of personal mobile phones is prohibited.
- St. Vincent's University Hospital buildings and grounds are **smoke-free**.

Application Process: St. Vincent's University Hospital is an equal opportunities employer and is committed to promoting an environment free from discrimination in accordance with the Employment Equality Acts 1998 and 2004. The Hospital values diversity and recognises the benefits of having a workforce that reflects the community we serve. We are committed to equality of access to positions within the Hospital. All recruitment activity and documentation will encourage applications from all potential candidates without discrimination.

Interested candidates should apply for vacancies of interest by visiting the Hospital Careers pages: <http://www.stvincents.ie/Home/Careers.html>

- Note the closing date(s) for the submission of on-line applications are specified on the list of vacancies. St. Vincent's University Hospital are not able to accept late applications.
- It is the applicant's responsibility to ensure that they apply well in advance of the closing date.
- Any applications which are still in progress but have not been submitted after the closing date will not be registered by our Web Recruitment System.
- Applications for St. Vincent's University Hospital job vacancies will only be accepted through our Web Recruitment System.
- St. Vincent's University Hospital may only take into account technical issues raised by an applicant if advised to our Human Resources Department prior to the advertised closing date.

Non-European Economic Area Applicants: While St. Vincent's University Hospital is an equal opportunities employer, in line with current Department of Jobs, Enterprise and Innovation Employment Permit requirements, applications from non-European Economic Area (EEA) will only be considered in the event that an EEA citizen cannot be found to fill the vacancy. Please note that if you are a NON-EEA applicant and are unable to supply documents (listed on www.djei.ie), you are not entitled to participate in this recruitment competition. This is in accordance with the EU Community Preference Rule. Further information is available at www.djei.ie.

Former Public Service employees: Eligibility to compete may be affected where applicants were formerly employed by the Irish Public Service and previously availed of an Irish Public Service Scheme including:

- Incentivised Scheme for Early Retirement (ISER)

- Department of Health and Children Circular (7/2010)
- Collective Agreement: Redundancy Payments to Public Servants

Applicants should ensure that they are not precluded from re-engagement in the Irish Public Service under the terms of such Schemes. This is a non-exhaustive list and any queries should be directed to an applicant's former Irish Public Service Employer in the first instance.

Persons in receipt of a pension from specified Superannuation Schemes: Former Health Service and Public Sector Employees must adhere to the relevant prohibition of re-employment provisions where they have previously availed of a Public Service Voluntary Early Retirement or Ill Health Retirement Pension from any of the following Pension schemes:

- Local Government Superannuation Scheme (LGSS)
- Health Service Executive Employee Superannuation Scheme
- Voluntary Hospitals Superannuation Scheme (VHSS Officers/Non Officers)
- Nominated Health Agencies Superannuation Scheme (NHASS)
- Other Public Service Superannuation Scheme

Among the Voluntary Early Retirement Schemes referred to above are the following:

- Incentivised Scheme of Early Retirement (ISER)
- Voluntary Early Retirement Scheme 2010 (VER)

Prospective candidates must satisfy themselves as to their eligibility to be employed applying / competing for posts to be filled through this recruitment campaign.

Abatement of Pension (Section 52 of Public Service Pensions Act 2012): Where a person who is in receipt of a Public Service Pension (e.g. retired on voluntary age grounds) is subsequently appointed to another Public Service post, the Abatement of Pension Regulations apply. This means that in a situation where the total of a person's pension combined with their salary from their new post, exceeds the uprated (current) salary of the position from which they retired, his/her pension is reduced by any such excess amount. This provision applies irrespective of whether the relevant pension was accrued in the same Pension Scheme which applies to the new appointment, or in another Public Service Pension Scheme.

Shortlisting: Shortlisting will be carried out on the basis of information supplied on your curriculum vitae. The criteria for shortlisting are based on the requirements of the post as outlined in the Person Specification. Failure to include information regarding these requirements on your CV may result in you not being called forward to the next state of the recruitment process.

All overseas qualifications must be validated. No candidate can work in the Hospital without validated qualifications. If professional registration is also a requirement, candidates must provide documentation of same.

Canvassing will automatically disqualify.

Please note that you will be contacted mainly by mobile phone and email. It is important that your mobile phone number, postal address and email address are correct. It is your responsibility to ensure that you have access to your mobile voice mails and emails. We recommend that you use an email address that you have regular access to.

Competency based interviews follow the shortlisting stage of the recruitment process. Credit is awarded by the interview panel to candidates who demonstrate at interview that they possess the experience, competencies and skills listed in the person specification. Candidates will normally be given at least one week's notice of interview. All interviews are held in person unless it is specifically noted otherwise in the Job Description. No subsequent or alternative dates to dates given will be offered to candidates. All posts are located in St. Vincent's University Hospital, Elm Park, Dublin 4 unless it is specifically noted otherwise in the Job Description.

Disability: Please let us know if you need any special assistance at interview, e.g. if you have difficulty in moving up or down stairs or have hearing or speech difficulties.

Candidates are notified of the result of their interview at the earliest possible date after the interview. The recommendation of the interview panel does not constitute a job offer. The process continues after the interview and includes clearance checks such as references, Garda clearance, overseas police clearance (if applicable)*, occupational health clearance, validation of qualifications and experience. A job offer is made pending satisfactory clearances. SVUH reserves the right to remove candidates from specific recruitment panels and retract job offers if satisfactory clearances cannot be obtained or are deemed unsatisfactory.

** If you lived in any country for 6 months or more from the date of your 16th birthday other than the Republic of Ireland or Northern Ireland you will be required to provide security clearance for each jurisdiction in which you have resided. Your security clearance must be dated AFTER you left that country and cover the entire period of your residence. Seeking security clearances from other countries are the responsibility of the candidate. It is a process which can take an amount of time. Therefore we would strongly advise that you commence seeking international security clearances now.*

For some recruitment competitions a panel of successful candidates may be formed as a result of the interviews. Candidates who obtain a place on the panel may, (within the life of the panel), be considered for subsequent approved vacancies. Candidates are placed on a panel in order of merit. A panel is typically live for 6 months.

It is normal procedure that candidates be placed on the first point of the relevant salary scale in accordance with the Department of Finance guidelines.

Declaration: Please read your application carefully and check for any errors or omissions. False declaration or omission in support of your application will disqualify you from appointment.

This document must be regarded as an outline of the major areas of accountability at the present time, which will be reviewed and assessed on an on-going basis.

Date: August 2025
