**Job Title/Grade:** Consultant Neurologist

**Reports to:** Reports and is accountable to the relevant Clinical Director and Departmental Clinical Lead

## **DEPARTMENTAL INFORMATION**

**The Department of Neurology currently consist of:** 5 Consultant Neurologists; 4 specialist registrars; 2 registrars; 1 SHO; 1 Interns; 3 MS Specialist Nurses; 2 Movement Disorder Specialist Nurse and 2 Epilepsy Advanced Nurse Practitioners.

The current Consultant Neurologists run a 13 bedded inpatient unit on St. Vincent's on a 1 in 5 rotation.

The current Consultant neurologists also staff acute inpatient neurology consults including from ED and AMU colleagues assisted by our specialist registrar and neurology registrar NCHD colleagues. The service is known for its efficiency and accessibility. Approximately 20% of medical admissions on a general medical take have a neurological problem in keeping with international statistics. This generates in excess of 2000 acute neurology referrals per annum which are seen in the Emergency Room or Acute medical unit on a daily basis by a Neurology Consultant led consult service ensuring timely, appropriate access to required treatments, reduction in unnecessary use of investigations and facilitating early discharges from SVUH.

**Out-Patients:** We currently run 3-4 out-patient clinics each day including general new and return clinics, a Movement disorders clinic, epilepsy ANP clinics, two MS clinics, a dystonia clinic, a migraine clinic, and procedure clinics (LPs, Botox in particular).

Between 30 and 35% of our out-patients are from outside the previously allocated catchment areas. We see many patients from the Kilkenny region in an effort to reduce burden on model 3 hospitals in the RHA and actively support efforts to build local neurology services as outlined in the neurology model of care and supported by the office of the national specialty director.

The pathways for patients with neurological conditions as published in the Neurology Model of Care documents recommends a responsive patient led service and for sub-specialty clinics such as Movement Disorders, Multiple Sclerosis or Epilepsy recommends specific patient pathways.

The Department specialises in Dystonia and Parkinsonian disorders and run weekly clinic for patients with these disabling movement disorders for all hospitals in the Dublin East Hospital Group. This is the largest dystonia clinic in the country and there is a strong academic commitment for many decades through this clinic. The successful candidate will work along two consultant neurology colleagues in the

dystonia clinic and with a consultant neurologist and consultant geriatrician colleague in the Parkinson's clinic.

The neurology service at St. Vincent's also specialises in treating people with MS and over 30% of our referrals are from hospitals throughout the Dublin East Hospital Group and Nationally. We provide specialist care and therapies which cannot be done outside a specialist centre such as ours for safety and resourcing issues. The MS service also innovates on access to best diagnostic techniques, access to novel treatments and availability of clinical trials to ensure Ireland stays aligned with international best practice, which is recognised nationally by our colleagues and the MS service now has over 2000 patients requiring intensive, specialist care

The Stroke Team runs a TIA clinic in the neurology OPD and we see stroke patients in conjunction with the stroke team at SVUH led by the Care of the Elderly Team and the Stroke Nurse Specialists. We provide on-call urgent stroke care for patients under 65 years of age.

**Nationally and within the UCD partnership we also provide the following areas of expertise:**

**Teaching:**

The department has an excellent reputation for teaching undergraduates and postgraduates and is developing the curriculum at University College Dublin for the future. Our on-line teaching videos have received over 4 million visits to date. We run two week-long teaching course annually for undergraduates.

**Research:**

The Neurology Consultants at SVUH run a wide variety of academic and clinical research programmes in Multiple Sclerosis, Movement Disorders including dystonia and Cognitive disorders, ensuring SVUH and UCD maintain an international reputation in these areas.

## Entry to competition and subsequent appointment

- For the purposes of eligibility for entry to any competition or recruitment process associated with this post, a candidate must fulfil the eligibility requirements laid down in consultant appointment documents for the post.
- The successful interviewee must be registered as a Specialist in the relevant specialty on the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council of Ireland before taking up appointment. The candidate will be allowed a max of 180 calendar days from date of interview to secure this registration and produce evidence of special interest training where relevant.
- Should the successful candidate not be registered as a Specialist at that time, the post may be offered to the next suitable candidate (or, in the case of HSE posts, the Public Appointments Service may choose not to recommend that candidate to the employer). Should no suitable candidate exist, a further recruitment process may be initiated.
- The employer may decide to make a proleptic appointment(s) as provided for at Section 2 d) of Public Only Consultant Contract 2023.

**Shortlisting:** Shortlisting will be carried out on the basis of information supplied on your curriculum vitae. The criteria for shortlisting are based on the requirements of the post as outlined in the Person Specification. Failure to include information regarding these requirements on your CV may result in you not being called forward to the next stage of the recruitment process. Canvassing will automatically disqualify.

Please note that you will be contacted mainly by mobile phone and email. It is important that your mobile phone number, postal address and email address are correct. It is your responsibility to ensure that you have access to your mobile voice mails and emails. We recommend that you use an email address that you have regular access to.

Competency based interviews follow the shortlisting stage of the recruitment process. Candidates will normally be given at least two weeks' notice of interview. Interviews are held in person only, no subsequent or alternative dates to dates given will be offered to candidates. All interviews are held in St. Vincent's University Hospital, Elm Park, Dublin 4 unless it is specifically advised otherwise.

**Disability:** Please let us know if you need any special assistance at interview, e.g. if you have difficulty in moving up or down stairs or have hearing or speech difficulties.

Candidates are notified of the result of their interview at the earliest possible date after the interview. The recommendation of the interview panel does not constitute a job offer. The process continues after the interview and includes clearance checks such as references, Garda clearance, occupational health clearance, validation of qualifications and experience. A job offer is made pending satisfactory clearances. SVUH reserves the right to remove candidates from specific recruitment panels and retract job offers if satisfactory clearances cannot be obtained or are deemed unsatisfactory.

For some recruitment competitions a panel of successful candidates may be formed as a result of the interviews. Candidates who obtain a place on the panel may, (within the life of the panel), be considered for subsequent approved vacancies. Candidates are placed on a panel in order of merit. A panel is typically live for 6 months.

It is normal procedure that candidates be placed on the first point of the relevant salary scale in accordance with the Department of Finance guidelines.

**Declaration:** Please read your application carefully and check for any errors or omissions. False declaration or omission in support of your application will disqualify you from appointment.

**This document must be regarded as an outline of the major areas of accountability at the present time, which will be reviewed and assessed on an on-going basis.**

**Date: February 2026**
